## Southern Cultural Heritage Foundation

### DETAILS

Leadership Vicksburg has chosen a beautification project for the Southern Cultural Heritage Foundation as one of the four team projects for the 2011-2012 year. The project will involve replacing the handicap ramp in the Cherry Street courtyard area and general clearing and cleaning of the area.

We have enlisted the help of a local engineer to design a ramp that meets ADA standards and now we need your help to make this project a reality. We would greatly appreciate your help in making this project a success!
